“INDEPENDENCE DAY”
PRINCIPAL MESSAGE

My dear students,
On this solemn day of 74th Independence Day, many greetings to all!
On this event of Independence day, let us pay respect to all those who gave their lives, who spent their youth in prison, who embraced the gallows, followed the non-violence through satyagraha for the freedom of our country.
Let us salute the people who have dedicated their lives for the peace, prosperity, development and security of the country since Independence.

With the lot of development and progress in different field, despair had changed into hope, accomplishment was visible. Determination of youth proved that they can change the destiny of the country.

As a young generation, let us hold the responsibilities of removing problems from the society. Let us realise the power of self respect, self esteem and self reliant. Once your determination is strong, nothing comes in the way of success.

Spirit of national integration, unification in minds will strengthen the unity and serve as a cementing force in the continuous process of development of our country.

Freedom is as precious us to as our ethical values, attitudes and discipline.

The sacrifice and hard work of our countrymen are the motivation to build new confident and self reliant India.

Let us take the pledge of our contribution to the young India emerging with flying colours, dynamic and versatile in every manner.

Let the tricolour immerse you into

Strength

Peace

Growth.

Jai Hind.
